

Biosafety Services

Prepare your organization for 21st century research innovations.

Whether you need to set up an IBC from scratch, expand your existing IBC's membership, or talk to an advisor who understands the complexities of an institutional biosafety committee (IBC), Kinetiq will bring your committee into the 21st century.

IBC Rapid Start™

Leverage your existing IRB system to quickly set up the necessary framework for running your own IBC. At the end of this engagement, your IBC program will be up and running with:

- SOPs, forms, templates, and training
- IBC charter
- Office of Science Policy registration

Staffing

Whether you need expertise in human immunotherapy research to round out your IBC membership or just need to fill a staffing vacancy, Kinetiq offers fully-trained biosafety and IBC experts including:

- Biosafety officer
- IBC administrator, analyst, chair
- Immunotherapy researchers

If you have an experience gap or vacant position, we can help fill the void.

Consulting

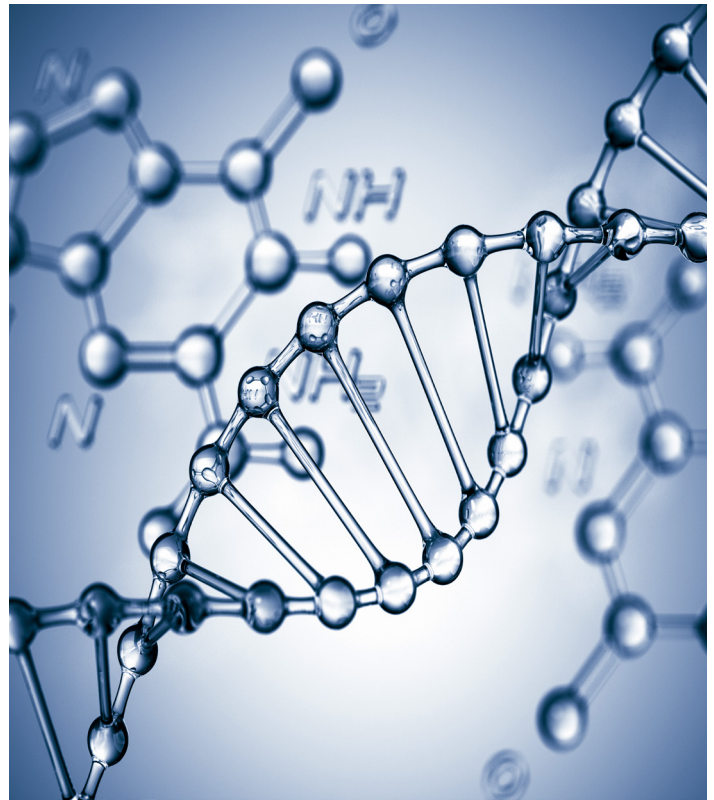

Our experts look beyond the IBC to holistically evaluate your entire research system to customize a consultation to your unique needs and objectives.

Custom consulting solutions include:

- Comprehensive IBC planning and integration
- SOP development
- IBC systems selection and implementation
- Planning for outsourcing
- Mock OSP inspection
- Remedial actions and IBC rescue
- Operational efficiency development

Move Your Research Forward
