

AAHRPP Accreditation Support

Is your organization considering AAHRPP Accreditation?

Accreditation demonstrates a commitment to superior human subject protections.

Kinetiq consultants—with decades of experience in AAHRPP accreditation—can provide the answers you need to determine whether you're ready to begin the process. We can help take you from pre-application to accreditation and beyond.

Kinetiq offers two options for organizations at any stage in the initial accreditation or re-accreditation cycle.

Your processes, our expertise.
Kinetiq makes it easier for you to overcome accreditation obstacles.

Option 1: Accreditation Custom Fit

Choose what you need and bring Kinetiq expertise to your organization, **a full readiness assessment and an on-site project manager** to conduct mock reviews, lead process changes, and facilitate a clean and timely submission. Plus, we help you coordinate post-application responses and plan for a smooth site visit. Choose the services that fit your needs.

- Comprehensive on-site readiness assessment
- Review or preparation of necessary SOPs, documents, and other materials
- Preparation of Step 1 and Step 2 application packages
- Training (IRB/REB staff, board members, and research community)
- Program development for more difficult standards (community engagement, institutional conflict of interest, quality improvement program)
- Post-submission mitigation and remediation of Step 1 and Step 2 comments
- Site Visit preparation, hosting, and management
- Remediation and response to site visit comments

Are you struggling to stand up AAHRPP reaccreditation?

People come and go. Things change. Teams change. If you're uncertain about reaccreditation readiness due to time or resource constraints, Kinetiq is ready to help. We can help supplement your team and get your reaccreditation effort to where you want it to be—fast.

Option 2: Accreditation Pre-Flight Check

If you prefer a shorter engagement that gives you peace of mind and quickly identifies gaps in application documents prior to review, then ask about the Accreditation Pre-Flight Check. You'll receive a thorough assessment of your Step 1 application. Plus, feedback is made outside of the AAAHRPP submission and review timeline, enabling you to conduct low-pressure remediation and preparation.

- Discovery call with HRPP team
- Step 1 application review
- Recommendations and mitigation strategy

Are you an international organization seeking AAHRPP Accreditation?

Kinetiq has extensive experience with international clients and is uniquely positioned to guide you through the accreditation process. Gain insight into understanding the nuances of accreditation by offering a tailored consulting experience that meets your unique needs.

Connect with Kinetiq today to move your accreditation forward.
