

# Board Expertise

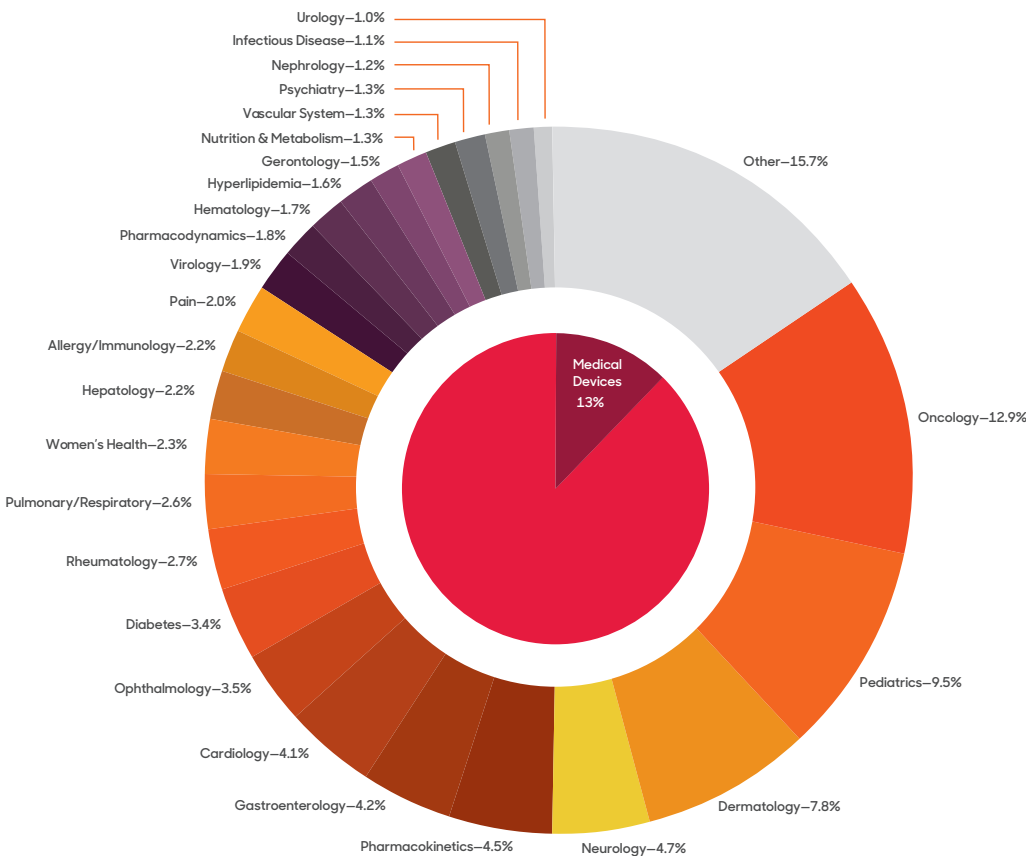

Quorum board members have extensive therapeutic expertise and research ethics experience.

## Extensive Experience

- Members come from fields including medicine, education, social work, clinical research, and the clergy
- Close to one-third of board members have served on an IRB prior to Quorum
- Three-quarters of the physician board members have acted as research investigators
- Physician members and consultants specialize across the continuum of modern therapeutic fields
- Our Executive IRB Chair also serves as the Committee Chair for the Secretary’s Advisory Committee on Human Research Protections (SACHRP)

## Broad Diversity

- Board members represent the diversity of our communities, including gender, race, disability, age, and socioeconomic level
- Members of the Quorum board are located in Washington, California, Florida, Massachusetts, South Carolina, Maine, and Canada
- Trained site visitors are located across the United States and in Canada

- Rehabilitation Medicine
- And More...

# Phase 1 Healthy Premium Services

Our premium services accelerate study startup so you can focus on the research.

## Accelerated Protocol Review

- 5-day initial review turnaround
- Faster amendment review
- Specialized Phase 1 team

## Recruitment Material

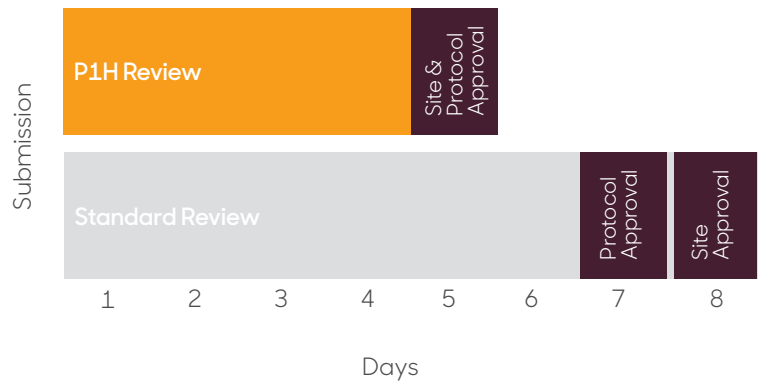

- Plan for deployment of recruitment materials by obtaining conditional approval before the study begins
- Submit generic recruitment material before study-specific protocol review

Phase I Healthy trials are unique, and participant recruitment is very different from other trials. **With our Phase 1 Healthy comprehensive program, a study can be ready to enroll participants within a few days** of submitting their materials. For changes mid-study, review and delivery of approval documents is faster.

This program provides unprecedented alternatives in the review of recruitment materials. Quorum can conditionally approve recruitment materials before the protocol review is finalized, so you can more proactively plan for their deployment. If your group leverages generic recruitment templates and generic screening consent forms, our program makes using those materials easy.

This program provides unprecedented alternatives in the review of recruitment materials. Quorum can conditionally approve recruitment materials before the protocol review is finalized, so you can more proactively plan for their deployment.
